SHO-ME POWER IS SEEKING BIDS

Sho-Me Power Electric Cooperative is seeking sealed proposals from qualified firms for approximately 400 linear feet of stream bank stabilization along an un-named stream in Reynolds County. This project consists of the following:

- Providing and placing approximately 3,926 tons of riprap along an un-named stream in Reynolds County, Missouri.
- Providing and placing approximately 16 cubic yards of concrete.
- Final site restoration

Sealed proposals will be received by Sho-Me Power Electric Cooperative, Marshfield, Missouri, on or before 9:00 A.M. Central Standard Time, September 14th, 2017 at the cooperative office. The proposals will be publicly opened and read. Proposals and all supporting instruments must be submitted on the forms supplied by the Owner.

A bid bond or certified check in the amount of 10% shall accompany the bid. If selected as bidder, the owner requires a Performance/Payment Bond for the amount of the contract.

Successful bidders are required to either be prequalified or subject to subsequent approval based upon Sho-Me's standardized screening criteria. In addition, selection will be based upon pricing, record of past performance, financial and technical resources. Consideration will be afforded to small and minority owned businesses as well as women's business enterprises.

Plans, specifications and construction drawings, together with all necessary forms, may be obtained from the owner, Sho-Me Power Electric Cooperative, P.O. Box D, Marshfield, Missouri 65706 upon payment of \$50.00 per set of contract and plans, which will not be subject to a refund. These plans, specifications and construction drawings may be examined beginning August 24th at the office of the owner prior to the bid opening date and will be available for shipping.
